

Roslyn Remote Apps for Mac Users:

- 1) Download the Microsoft Remote Desktop app from the App Store or by clicking the following link:

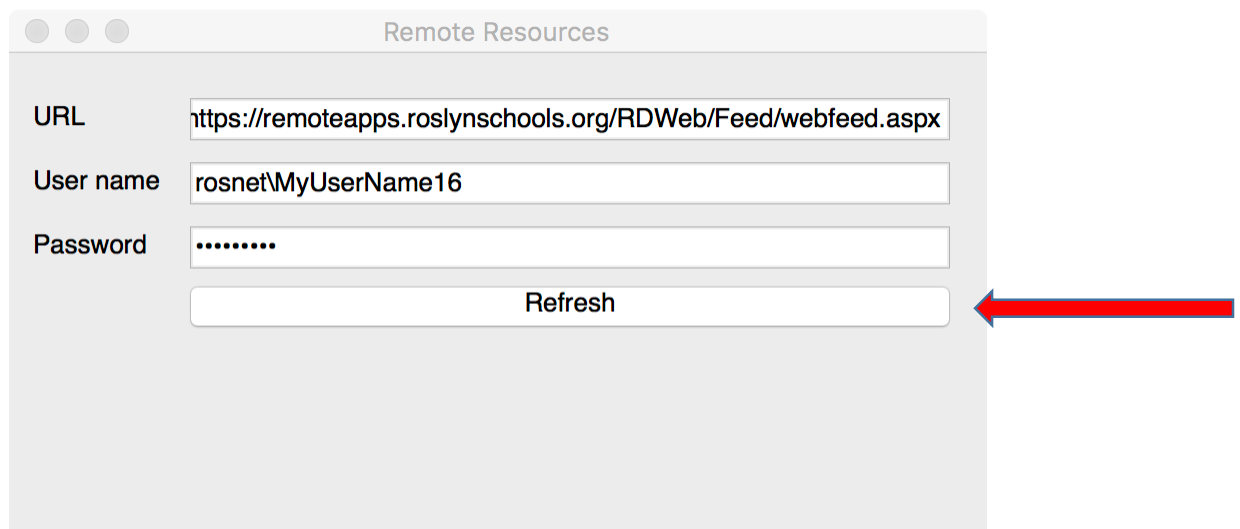

<https://apps.apple.com/us/app/microsoft-remote-desktop-10/id1295203466?mt=12>

- 2) Once installed, open the Microsoft Remote Desktop App and click Remote Resources

- 3) Fill in the appropriate settings as shown below and then click Refresh. Please replace 'MyUserName16' with your Roslyn username, for example, jsmith19

A screenshot of the "Remote Resources" settings window. It has a title bar that says "Remote Resources". There are three input fields: "URL" with the text "https://remoteapps.roslynschools.org/RDWeb/Feed/webfeed.aspx", "User name" with the text "rosnet\MyUserName16", and "Password" with a series of dots. Below these fields is a "Refresh" button. A red arrow points to the right side of the "Refresh" button.

- a. After clicking Refresh you should see the application list:

Microsoft Remote Desktop

New Start Edit Preferences Remote Resources Azure RemoteApp
